Comments: Provide any clarifying information, including number of fish observed, location of fish survey data, etc.

2 Double Funnel minnow traps baited with cured salmon eggs were fished  
for 22 minutes each in Section 33, T.43S. R. R.35W., S.M. approximated 1500 Ft.  
north of Wayne Murphys cabin. Captured 15 juvenile coho salmon. Juvenile salmon  
specimens were identified by Pete Murray, ADF&G, Sport Fish Division, Kodiak.

Attach a copy of a map showing location of mouth and upper points of each species, specific stream reaches identified for spawning or rearing, locations of barriers, such as falls. Attach a copy of the fish survey data, if available.
